Charges Sugar Inquiry Has Been Used in Effort to Defeat Him.

Charges that a Federal Trade Commission investigation of the Utahdaho Sugar Company was being used n an effort to defeat him for re-elec ion were made in the Senate today by Senator Smoot, republican, Utah. Although Senator Smoot said he had only a nominal stock interest in the company, he declares the commission's activities were being directed against

activities were being directed against his political interest.

"No one can object to any action that can be taken to control or regulate the lawful distribution of sugar, said Senator Smoot, "but when any department of the government undertakes to secure the defeat or election of a United States senator through the investigation of the affairs of a sugar company it is time that such a contemptible practice be called to the attention of the public."

Reads Copies of Telegrams.

Senator Smoot read copies of telegrams alleged to have passed between W. H. Beer, attorney for the commission in the Utah-Idaho company's investigation, and George E. Sanders of Salt Lake City, in which Mr. Beer asked Sanders for navice regarding his movements and departure from Utah. The alleged reply of Mr. Sanders advised Mr. Beer not to be "in too big a hurry to finish your case as public sentiment is fast changing and almost entirely for government prosecution."

"Sugar magnates anxious for you to get through," the reply continued. "Palmer should keep on job. If you keep going for two months it will cost Smoot his Senate seat. Better kill time with Washington authority."

Says Shares Pay \$22 Monthly. Months ago, Senator Smoot said. he was advised that the trade commission planned to investigate the Utah-Idaho concern just before the election, and that among other causes assigned was that it would help defeat him for election. Mr. Smoot said he owned only seventy-six shares of stock in the company, paying him \$22 monthly, including some from his father's estate.

The senator also read telegrams exchanged between himself and the sugar company relative to fixing sugar prices, and said all had been inspected by a Department of Justice agent, and his entire course in that respect approved. Despite this, Senator Smoot said, it appears the trade commission investigation had become a blow at his political career.

Increased Cost of Construction and Unexpected Difficulties Cited Among Reasons for Delay.

Demolition of the buildings on the south side of G street between 13th and 14th streets owned by the City Club and erection on the site of the organization's ten-story clubhouse have been postponed, according to announcement of officials. According to present plans the present buildings are to be extensively remodeled and repaired and will then be rented for office and business purposes until such time as the City Club decides to go ahead with its building project. Meanwhile, it is understood, the club will retain its present quar-

ters near Connecticut avenue and I street, at least for the present.
Unexpected difficulties which have arisen in the last few weeks, it is understood, have rendered the financgreatly increased cost of building, due to advances in cost of materials, un-certainty in regard to shipments, in-creased scales for building labor, etc., also have been factors in bringing about the decision to postpone erec-tion of the projected new clubhouse. An Innovation in Homes

Dunigan Homes are a departure from the usual 3-Bedroom Homes - we're building them with 4 Bedrooms—but asking only the 3-Bedroom price.

That extra Bedroom doesn't come out of the "quality" of the Home-no indeed! It's a possibility of organization. We expend the profits we save - usually paid to subcontractors - and what we save by buying in the enormous quanties we do. They give you an additional room.

You can see these 4-Bedroom Homes of ours on Longfellow street, in 14th St. Highlands. Open and lighted day and evening. Take 14th st. cars.
